

The Resilia Nonprofit Platform

Build Nonprofit Capacity and Maximize Your Impact

The Resilia Nonprofit Platform is used by thousands of organizations to access mission-facing and back-office training courses, expert fundraising tools, customizable templates, and additional resources to help **build nonprofit capacity and maximize impact**.

Whether your organization is just getting started or is well-established, the Resilia Nonprofit Platform has the tools to help you build your nonprofit while saving time and resources, so you can focus on serving your community.

From fundraising, donations processing, and board management to strategic planning, program management, and organizational operations — the Resilia Nonprofit Platform is your one-stop resource to help you build your nonprofit.

Online Training Courses in the Resilia Academy

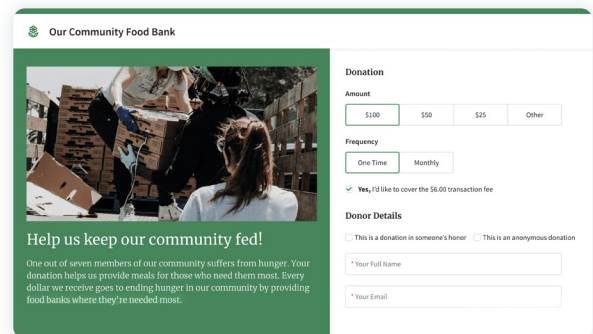

Learn nonprofit management best practices through always-on access to 50 Resilia Academy courses and videos on how to run a nonprofit.

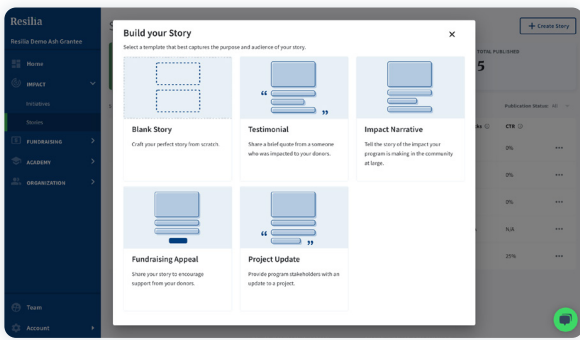

Some of our most popular courses are on topics including fundraising, leadership training, board of directors development, applying for grants, staffing, budgeting, compliance, and more!

Accept Online Donations with Resilia Donations

Using Resilia Donations is free. Our flat processing fee (covered by donors 95% of the time!) is only applied when you receive a donation and ensures you're not paying upfront costs, confused by multiple fees for using different features, or surprised by sneaky hidden costs.

Our customizable, easy-setup donation page highlights your mission, turns supporters into donors, and doesn't rely on being embedded on a website. Resilia supports your fundraising journey every step of the way with resources to help you create sustainable, compelling donations campaigns.

Storytelling for Nonprofit Marketing

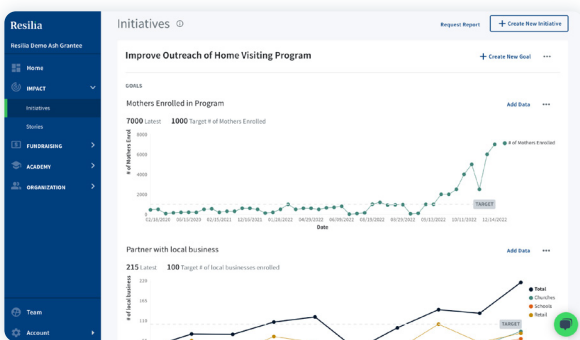

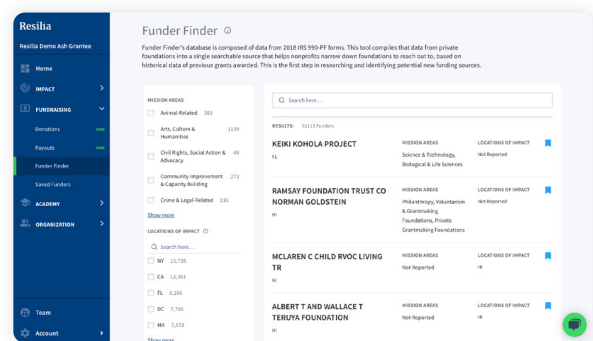

Sharing your organization's impact with your supporters and donors is essential to help your nonprofit thrive. Resilia's Story Builder enables you to capture photos, videos, quotes, and short stories to be used in board presentations, grant applications, fundraising, and more.

You can choose from pre-built templates or create fully customized stories to share in testimonials, impact narratives, fundraising appeals, or public forums. Publish your stories to your linked social media accounts to grow your network, and add a donations button for fundraising campaigns.

Access Grant Maker Database for Nonprofits

Our Funder Finder tool will help you research over 60,000 grantmakers to identify which funders have given to your mission area or location in the past.

Look up specific funders or find funders based on keywords important to your organization. You can also filter funders by mission area, location of impact, and funder location. Information provided about the funders can also include total grants awarded and board of directors. Bookmark funders to return to potential matches.

Custom Dashboards to Track and Measure Outcomes

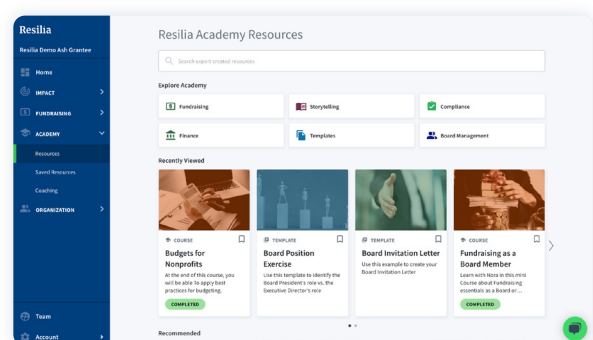

Seamlessly measure goals and outcomes for all your initiatives.

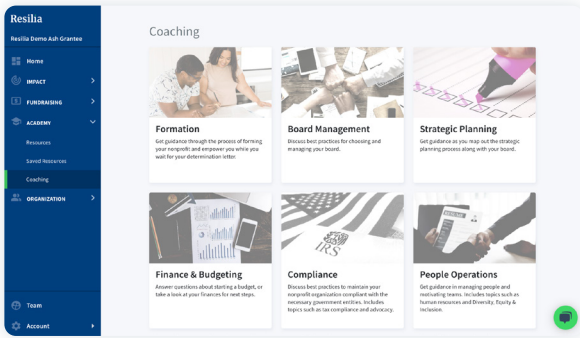

Real-time tracking enables better management and team alignment across your organization and programs. As you progress towards your goals, share your progress with supporters to keep momentum flowing.

Access to 70+ Customizable Templates & Actionable Resources

Access over 70 customizable templates and guides to craft appeals, thank donors, create bylaws, and more. From fundraising to board management, you'll have every resource ready on-demand.

Some of our popular templates include: Letter of Inquiry Template, Volunteer Thank You Letter, Donation Request Letter, Sample Year-Over-Year Organizational Budget, Grant Project Budget, Giving Tuesday Campaign Kickoff, and Building a Pilot Program.

Expert Nonprofit Coaching

The Resilia Platform also enables nonprofits to schedule 1-on-1 coaching sessions with experienced nonprofit experts.

Get nonprofit executive coaching and answers to questions regarding nonprofit organization management, fundraising, board management, program management, compliance, and more! *(Pro Members & Funder Program Grantees Only)*
